Homestyle Traditional Canopy

Multi-purpose Lean To Style

This is our most popular canopy and is an attractive, versatile addition to your home or garden. They are traditional in shape with the rear of the canopy attached to the wall and the front resting on strong aluminium columns. Manufactured by Living Space (UK) Ltd, the canopy structure uses an innovative interlocking panel system for quick and easy assembly. The Homestyle Traditional multi purpose canopies can be used for a variety of applications including patio canopies, car ports, covered walkways between the garage and home and caravan shelters.

- Car Port
- Patio Canopy
- Caravan Cover
- Motorbike & Cycle Shelter
- Covered Walkway & Children's Outdoor Play Area
- All year round outdoor dining and entertaining area

Combining powdercoated aluminium bars and shatterproof polycarbonate glazing, the Homestyle Traditional Multi Purpose Canopies are a long lasting, low maintenance addition to your home.

Available Options

- Several Size Options
- Frame Colours: White or Brown
- Roof Glazing: Clear, Opal or Bronze Polycarbonate

Sturdy and Durable - High Performance – Excellent Protection – Low Maintenance

- Rust resistant aluminium powdercoated frame supported by strong poles 65mm x 65mm
- Virtually unbreakable polycarbonate covering with UV protection
- Gutters included to direct rain water sideward and allows water collection
- Easily cleaned with hose or rain
- Protects your vehicles from snow, rain, hail, harmful UV rays and shedding leaves

Homestyle Traditional Canopy

Multi-purpose Lean To Style

Homestyle Traditional canopies are available in a range of sizes and a choice of either a White or Brown finish aluminium powdercoated framework. The roof is glazed with shatterproof, UV protected polycarbonate available in a choice of 3 colours: Clear, Opal or Bronze. The canopies include a Square Section Gutter System and are supplied with 2.5m legs as standard. If required, bespoke canopy sizes and 3.0m or 3.5m legs can be supplied.

There is a choice of standard projections ranging from 1.5m to 4.0m. The stated projection is the length of the roof panel laid flat; the actual canopy projection will be slightly less and is dependent on the pitch applied to the roof at the time of installation.

Standard lengths of the canopy range from 2.4m to 8.1m. Because of the modular design of the Homestyle Traditional Canopy you can have one as long as you like, your only restriction is space!

Standard Canopy Projections & Lengths

LENGTH	2400mm	3000mm	3600mm	4200mm	4800mm	5400mm	6000mm	6600mm
Projection
